

Attendance Board

The menu item **Attendance Board** provides you with an overview of the attendance status of all or selected employees.

List field *Person Groups*

Select the person group(s) for which the attendance status should appear and press **Run**.

Button *Run*

Press *Run* to update the view according to the selected criteria.

Button *Edit person group*

Press this button to view the definitions of the person groups or to add a new person group. For more information on creating person groups, see the section [Person Groups](#).

Filter displayed persons

Use the following fields to filter the persons displayed.

- *Person*: Select the person(s) you want to display.
- *Status*: Select which presence status you want to display. You can specify which options are available here in the [Settings](#).
- *Zone*: Select the zone(s) for which you want the presence status to be displayed.

Press *Run* to refresh the view.
