

# Image Comparison

The menu item *Image Comparison* shows the images of the persons who last made a booking at a specific terminal. In this way, you can ensure that the person making the booking matches the stored image.

The screenshot shows a web browser window with the URL `drakos.janicloud.de/janiweb/outest.risc`. The page title is "Image Comparison". On the left, there is a sidebar menu with a search bar and a user profile for "admin01". The main content area has two tabs: "Image" and "List", with "List" selected. Below the tabs is a table with the following columns: "Picture", "First Name", "Last Name", "Badge Number", "Personnel No.", "Device", "Time", and "Error". The table contains seven rows of booking data.

Picture	First Name	Last Name	Badge Number	Personnel No.	Device	Time	Error
	Ulat	Krimhold	5623	A1100	WEBTERMINAL	10/06/2025 11:57:54	No error
	Jamie	Olreich	5699	A1176	WEBTERMINAL	10/06/2025 11:57:51	No error
	Frederik	Kaiser	5567	A1043	WEBTERMINAL	10/06/2025 11:57:48	No error
	Heather	Leerd	5675	A1152	WEBTERMINAL	10/06/2025 11:57:46	No error
	Darian	Jarchow	5548	A1031	WEBTERMINAL	10/06/2025 11:57:44	No error
	Acun	Bülow	5553	A1028	WEBTERMINAL	10/06/2025 11:57:42	No error
	Patrik	Lenk	5688	A1165	WEBTERMINAL	10/06/2025 11:57:40	No error

## List of configurations

The list on the left-hand side contains the configurations created for image comparison. Select the entry for which you want to display images. Which configurations appear here is determined in the [settings for alarm management](#).

## Tab *Image*

Select this tab to display only the image for the last booking.

## Tab *List*

Select this tab to display a continuous list of images for the bookings of the last hour.
