Scan for Bookings

Use this report, for example, to show a person a remaining time (e.g. for a smoke break) based on a booking.

Starting a bookings scan

- Select the *Device* and the *Event Type* to be monitored.
- Enter a *Duration (Minutes)*.
- Press *Start scanning* to begin monitoring bookings.

The column *Remaining time* shows the time remaining.
To cancel the scan, press *Stop scanning*.

Color-coding of bookings

- **Green:** The booking is within the specified time period.
- **Red:** The booking has exceeded the specified time period.
